

Coffee is a luxury item!

At least that is what they are told at the Lowell Transitional Living Center.

So coffee is **not** in their budget. In order for the people, who are homeless or down on their luck, to get a cup of hot coffee, they must rely on donations.

So, we are holding a **coffee drive** over the next month. We will put a large container in the church hall for anyone who would like to donate **GROUND** coffee. Please be generous and help our homeless.

Thank you in advance.

I know I take a hot cup of coffee for granted. Do you?
